

WILD WEST SHOOTER

by Custer

With a blast of bullets and smoke another season of cowboy action shooting has commenced. Located in St Johnsbury, VT at the Caledonia Forest and Stream Club.

49 Rootin'-Tootin' cowboys and cowgirls spent two days this Memorial Day weekend slinging lead and stories, hitting their intended targets. Saturday was a nice sunny day in the 70's. An afternoon breeze came along and was appreciated by our black powder shooters. The afternoon was continued with numerous side events.

A reporter from the local newspaper The Caledonian Record visited our shoot. They took pictures and information for an article.

Sunday was overcast but nice. Most of the shooters finished before the rain came.

A great lunch spread was put on by our excellent vendors.
